DETAILED ACTION

The indicated allowability of claims 54 and 55 is withdrawn in view of the rejections made in this office action. The Examiner apologizes for any inconvenience caused to the Applicant by this action.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 54 and 55 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claims contain subject matter that was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. The specification describes placing two tools in threaded engagement with a pair of openings (Fig. 13, page 27, lines 17-19).

Allowable Subject Matter

Claims 33-42, 46, 48-51 and 53 are allowed.
